-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address--

The Appeal Brief filed on 20 August 2003 is defective for failure to comply with one or more provisions of 37 CFR 1.192(c). See MPEP § 1206.

To avoid dismissal of the appeal, applicant must file IN TRIPLICATE a complete new brief in compliance with 37 CFR 1.192(c) within the longest of any of the following three TIME PERIODS: (1) ONE MONTH or THIRTY DAYS from the mailing date of this Notification, whichever is longer; (2) TWO MONTHS from the date of the notice of appeal; or (3)

	The period for reply to the action from which this appear was taken. EXTENSIONS OF THESE TIME PERIODS BE GRANTED UNDER 37 CFR 1.136.
1. 🛛	The brief does not contain the items required under 37 CFR 1.192(c), or the items are not under the proper heading or in the proper order.
2. 🛛	The brief does not contain a statement of the status of all claims, pending or cancelled, or does not identify the appealed claims (37 CFR 1.192(c)(3)).
3. 🗌	At least one amendment has been filed subsequent to the final rejection, and the brief does not contain a statement of the status of each such amendment (37 CFR 1.192(c)(4)).
4. 🛛	The brief does not contain a concise explanation of the claimed invention, referring to the specification by page and line number and to the drawing, if any, by reference characters (37 CFR 1.192(c)(5)).
5. 🛛	The brief does not contain a concise statement of the issues presented for review (37 CFR 1.192(c)(6)).
6. 🗌	A single ground of rejection has been applied to two or more claims in this application, and
(a)	the brief omits the statement required by 37 CFR 1.192(c)(7) that one or more claims do not stand or fall together, yet presents arguments in support thereof in the argument section of the brief.
(b)	the brief includes the statement required by 37 CFR 1.192(c)(7) that one or more claims do not stand or fall together, yet does not present arguments in support thereof in the argument section of the brief.
7. 🗌	The brief does not present an argument under a separate heading for each issue on appeal (37 CFR 1.192(c)(8)).
8. 🛚	The brief does not contain a correct copy of the appealed claims as an appendix thereto (37 CFR 1.192(c)(9)).
9. 🛛	Other (including any explanation in support of the above items):
	Items 1, 2 and 4 - The brief does not contain any statements relating to "Status of claims", "Status of amendments", "Summary of invention", "Issues", and "Grouping of Claims". Note MPEP §1206. Each item (there are 9) must be set under a separate heading. It is noted that due to the simple nature of the invention, the page and line number designations may not necessarily be strictly adhered. However, it is important to use reference numerals in the "Summary of the Invention" especially for the claimed features of the invention. It is further noted that due to Applicant's limited knowledge of the

Appeals process, the Examiner notes that these formal matters must be corrected prior to going forward to the Patent Appeals and Interferences to avoid remand.
